

MAXXI

SHARP

RAZOR BLADE SHARPENER

MAXXI SHARP is a highly durable and innovative textile pad for sharpening standard disposable razors with good quality.

Thanks to MAXXI SHARP, razors can be sharpened optimally anytime and anywhere. Use your razor up to 100 times longer if used correctly. The blade sharpener thus saves tons of waste and CO₂ every year and protects our planet! Join us!

A new technical process provides excellent protection for the textile pad against bacteria and viruses!

Packaged in an elegantly designed, cylindrical, flat or slide-in box, MAXXI SHARP is particularly suitable as a sustainable gift and, thanks to its compact size, can fit into even the smallest luggage.

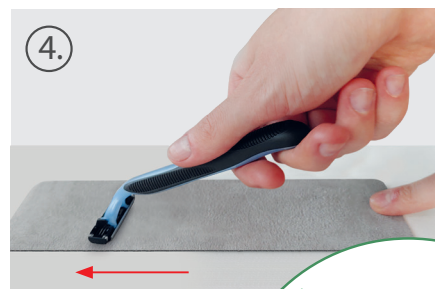

Depending on the target group, the blade sharpener can be made in different colours and designs.

For best results, be sure to follow the application description below.

It's that simple:

1. Use a clean multi blade razor.
2. If required, brush the spaces between the blades under running water and dry it afterwards.
3. Place the textile pad, colour side up, on a clean, dry and flat surface.
4. Slide gently the razor several times (5 to 8) over the textile pad, opposite to cutting direction.
5. The razor is ready to use.
6. Repeat as necessary before next shaves.

For optimal results, make sure that the materials used are of good quality, such as reusable razors, etc., and follow the instructions for use. We accept no liability for improper use and any resulting damage.

Scan the QR code and watch the video for correct application!

SHARP

RAZOR BLADE SHARPENER

Technical specifications of the textile pad

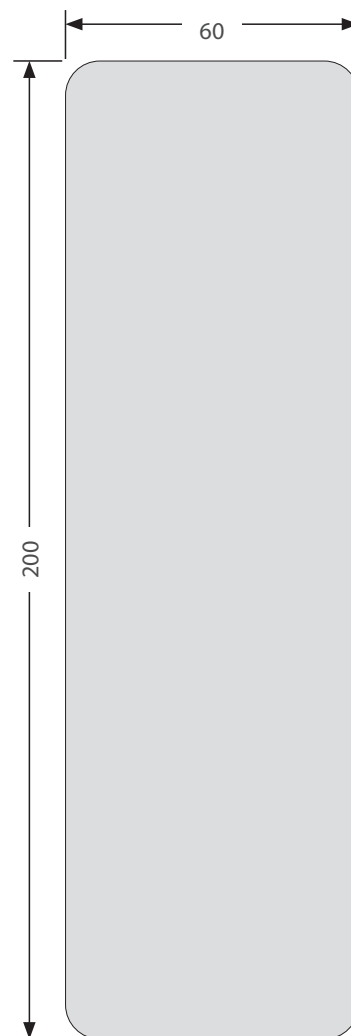

- Dimensions: 60 x 200 mm
- Corner rounding: 7 mm

User and Warning Notices:

- The textile pad is only suitable for disposable razors of good quality.
- Do not pack the textile pad damp or wet, it must be dry and clean.
- The textile pad must be kept away from dirt and grease.
- Do not use the textile pad with chemicals or other substances.
- If the textile pad pulls fringes or has other damage, it must be disposed of.
- At the end of the service life, care must be taken to ensure proper disposal (used textile).
- The textile pad is flammable!

Intended use:

- The textile pad is to be used exclusively for sharpening disposable razors of good quality according to our instructions.
- Place the razor on the textile pad and slide it over the textile in the opposite direction to the cutting direction, using only light pressure. Then lift the razor and repeat the process several times.
- The sharpening process must be carried out with gentle pressure. Do not use violence.
- Do not move over the textile pad in the cutting direction.
- When using a razor, there is naturally a risk of injury. Do not leave children unattended.
- Do not use with a dirty or wet razor. The razor must always be cleaned and dried before each shave.
